

Vision Board

Create a vision board showing your dreams and goals for the future. (This is a fun activity for the entire family to enjoy!)

Think about the kind of person you would like to be when you grow up.

- What kind of career/profession will you have?
- Will you run your own business or work for a company?
- What does your dream house look like?
- What country would you like to live in?
- Who do you imagine you will live with?
- What fun things will you do?
- What things would you do with your free time?
- Where would you go on holiday?
- Is there anything that you would like to buy?
- Would you like to help people in the future? How would you do this?

Look through your magazines and cut out the pictures of the things that represent your future. When you are finished, place your vision board on a wall that you can see every day and let it inspire you to achieve your goals.

For this task you will need: *A few old magazines *A pair of paper scissors *A glue stick *An adult helper
